 - \$1 CAD: \$0.1942 CNY
- (4) Payments made related to the White Rose Field are paid to the Government of Canada.

Extractive Sector Transparency Measures Act (“ESTMA”) Annual Report

Reader Advisories

In this document, the terms "Husky" and the "Company" mean Husky Energy Inc. and its subsidiaries and partnership interests on a consolidated basis, including information with respect to predecessor corporations.

Husky Energy Inc. and Cenovus Energy Inc. will be filing separate ESTMA reports for the year ended December 31, 2020.

Overview

ESTMA was enacted by the Government of Canada on December 16, 2014, and made effective on June 1, 2015. This Act delivers on Canada's international commitments to contribute to global efforts to increase transparency and deter corruption in the extractive sector. The Act requires extractive entities active in Canada to publicly disclose, on an annual basis, specific payments made to all governments in Canada and abroad. As a Reporting Entity, Husky will meet ESTMA reporting requirements.

Reporting Entity

Husky Energy Inc. ("HEI"), a reporting entity under ESTMA, has prepared and filed a consolidated report on behalf of its subsidiary reporting entities. HEI's ESTMA ID number is: E791464.

Subsidiary Reporting Entities

Included in the consolidated report are the following subsidiary reporting entities of HEI:

1. Husky Oil Operations Limited, ESTMA ID number: E035441
2. Husky Oil Limited Partnership, ESTMA ID number: E483488
3. Husky Energy International Sulphur Corporation, ESTMA ID number: E206499
4. Husky Energy International Corporation, ESTMA ID number: E602104
5. Husky Oil China Branch of HEIC, ESTMA ID number: E908878
6. Husky Oil Sands Partnership, ESTMA ID number: E945280
7. Sunrise Oil Sands Partnership, ESTMA ID number: E653397
8. Husky Atlantic Partnership, ESTMA ID number: E747799
9. HOI Resources (2019) ULC, ESTMA ID number: E580100
10. Husky Offshore 1% Partner ULC, ESTMA ID number: E202648

Reporting Principles

1. Scope

The Company, a reporting entity under ESTMA has prepared and filed a consolidated report on behalf of its subsidiary reporting entities. This report includes reportable payments to payees for activities related to the exploration or extraction of oil, gas or minerals and the acquisition or holding of a permit, license, lease or any other authorization to carry out any exploration or extraction of oil, gas or minerals. The report discloses payments made to payees by the Company and/or by any entity controlled by Husky and payments made on behalf of the Company to a payee.

2. Basis for Preparation

The Schedule of Payments by Payee and the Schedule of Payments by Project (collectively, the "Schedules") prepared by the Company for the year ended December 31, 2020 has been prepared in accordance with the financial reporting provisions in Section 9 of the ESTMA, Section 2.3 of the ESTMA – Technical Reporting Specifications and Sections 3.1 to 3.6 of the ESTMA – Guidance. The Schedules are prepared to meet the requirements of the ESTMA. As a result, the Schedules may not be suitable for another purpose.

Payments are reported on a cash accounting basis. In-kind payments are reported at cost; if the cost is not determinable, then the fair market value is reported.

3. Commercial Development of Oil and Gas

Commercial development does not include post-extraction activities. Husky is one of Canada's largest integrated energy companies with both Upstream and Downstream operations.

The Company's Downstream segment which includes upgrading of heavy crude oil feedstock into synthetic crude oil in Canada, refining in Canada of crude oil, marketing of refined petroleum products including gasoline, diesel, ethanol blended fuels, asphalt and ancillary products, and production of ethanol and refining in the U.S. of primarily crude oil to produce and market gasoline, jet fuel and diesel fuels that meet U.S. clean fuels standards, is out-of-scope of the report.

Additionally, the Company's Infrastructure and Marketing business within the Upstream segment, which markets and distributes the Company's and other producers' crude oil, natural gas, natural gas liquids, sulphur and petroleum coke, manages pipeline transportation, the blending of crude oil and natural gas, and storage of crude oil, diluent and natural gas, is out-of-scope of this report.

4. Joint Operations and Joint Control

The report includes payments to payees made by the Company, its subsidiaries and joint ventures or joint operations of which the Company is the operator. In situations of joint control in which the Company is not the operator, amounts paid by third party operators related to the Company's non-operated working interest have not been included in the report, with the exception of instances where the third party operator is a non-reporting entity or instances where the Company makes payments directly to a payee, even when the Company is not the operator of the project.

5. Payee

In the context of this report, a payee is:

- i. any government in Canada or in a foreign state at a national, regional, state/provincial or local/municipal level;
- ii. a body that is established by two or more such governments; or
- iii. any trust, board, commission, corporation, body or other authority established to exercise or perform, or that exercises or performs, a power, duty or function of a government for a government referred to in paragraph (i) above or a body referred to in paragraph (ii) above

Payees include crown corporations, and other state-owned enterprises that are exercising or performing a power, duty or function of government. Payments made to crown corporations, and other state-owned enterprises operating in Canada are considered to be on normal commercial terms and therefore are not reportable. If a vendor becomes an ESTMA payee during the period due to acquisition or change of control, the payments made to the payee during the fiscal year are included in the report.

Aboriginal and indigenous groups and organizations within Canada and in other jurisdictions may be regarded as governments for purposes of qualifying as a payee under the Act.

6. Reportable Payment Categories

Payments are presented in seven categories:

- taxes, other than consumption taxes and personal income taxes;
- royalties;
- fees, including rental fees, entry fees and regulatory charges, as well as fees or other consideration for licences, permits or concessions;
- production entitlements;
- bonuses, including signature, discovery and production bonuses;
- dividends other than dividends paid as ordinary shareholders; and
- infrastructure improvement payments.

7. Project Definition

A “project” means the operational activities that are governed by a single contract, licence, lease, concession or similar legal agreements and form the basis for payment liabilities with a government. If multiple such agreements are substantially interconnected, this shall be considered a project. “Substantially interconnected” means a set of operationally and geographically integrated contracts, licences, leases or concessions or related agreements with substantially similar terms that are signed with a government, giving rise to payment liabilities.

The reportable projects of the Company are as follows:

Country	Type	Project
China	Offshore	Liwan Gas Project
China	Offshore	Block 15/33
China	Offshore	Block 16/25
China	Offshore	Block 22/11
Canada	Offshore	White Rose Oil Field
Canada	Offshore	Terra Nova Oil Field
Canada	Offshore	East Coast Exploration
Canada	Oil Sands	Sunrise Energy Project
Canada	Oil Sands	Heavy Oil and Bitumen
Canada	Heavy Oil	Lloydminster Thermal Projects
Canada	Heavy Oil	Tucker Thermal Project
Canada	Heavy Oil	Cold and EOR
Canada	Onshore	Northern Operations
Canada	Onshore	Southern Operations
Canada	Onshore	Rainbow Lake Development
Canada	Onshore	North West Territories
Canada	Corporate	Corporate

8. Breakdown of Payments

Payments are broken down to indicate which payee received the payment, and to the project level when attributed to a specific project.

Corporate income tax payments are reported at the entity level without allocating the payment to specific projects as this would require artificially splitting and disaggregating the payment.

9. Penalties and Interest

Interest and penalties are out-of-scope of this report.

10. Refunds, Credits and Incentives Received from Payees

If a refund, credit, or incentive is received via an offset against another reportable payment to the same payee, then that refund, credit, or incentive is included, in order to report the net cash payment amount made by the Company to the payee.

11. Acquisitions and Divestitures

The Company may acquire or divest properties during the reporting year. Regardless of being subsequently reimbursed or making a payment via an ISOA or FSOA, whichever party to the transaction made the reportable payment will include the respective payment within their report.

12. Social or Corporate Social Responsibility Payments

The Company has only included social or corporate social responsibility payments that are directly related to commercial development. The Company views any social or corporate social responsibility as reportable if they are a condition of the commercial development of oil and gas (i.e. they are expressly required in a legal agreement or are a condition to operate).

13. Infrastructure Improvement Payments

Infrastructure payments are reported in the period in which the payment is incurred, when the infrastructure is transferred to the government or when the infrastructure is brought into use.

Infrastructure improvement payment made on infrastructure that is primarily used for operational purposes during the useful life, are excluded from the report. The Company views any infrastructure improvement payments as primarily for operational purposes, if the infrastructure will be reclaimed or decommissioned at the end of the lease term. In the case of maintenance to existing infrastructure (e.g. roads), if the Company will stop performing the maintenance activity after the lease term and/or when the Company stops operating in that area, then it relates primarily to operational purposes and is out-of-scope of the report.

14. Royalties

Alberta Crown Taken-in-Kind oil royalties are reported by the Operator (refer to section 4 above) under the "Royalties" payment category and are converted to a cash-basis consistent with the methodology the Company uses for external financial reporting purposes.

15. Reporting Currency

The report is prepared in Canadian dollars ("CAD"). Payments to governments in foreign currencies are translated based on the foreign exchange rate at transaction date.

16. Materiality

Payments made to the same payee as a single payment or multiple payments, over CAD \$100,000 within one of the reporting categories during the year are disclosed.
